Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Friday 01 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cold and frosty for tonight, bright skies for Saturday.

This Evening and Tonight:
Dry night across the region with plenty of clear breaks especially across the western areas. Patches of freezing fog. Frost very likely, becoming more extensive overnight. Minimum temperature -5 deg C (23 deg F).

Saturday:
Some dry and bright weather across the region to start. Isolated showers arriving by the afternoon to the south and east. Mostly dry and cloudy overnight. Feeling cold. Maximum temperature 5 deg C (41 deg F).

Outlook for Sunday to Tuesday:
Mostly cloudy on Sunday with some wintry showers and fog patches. Similar on Monday and Tuesday with sunny spells and further showers. Remaining cold, becoming breezy.
